Therapy Consent, Policies & Agreement

PART I: THERAPEUTIC PROCESS

BENEFITS/OUTCOMES: The therapeutic process seeks to meet goals established by all persons involved, usually revolving around a specific complaint(s). Participating in therapy may include benefits such as the resolution of presenting problems as well as improved intrapersonal and interpersonal relationships. The therapeutic process may reduce distress, enhance stress management, and increase one's ability to cope with problems related to work, family, personal, relational, etc. Participating in therapy can lead to greater understanding of personal and relational goals and values. This can increase relational harmony and lead to greater happiness. Progress will be assessed on a regular basis and feedback from clients will be elicited to ensure the most effective therapeutic services are provided. There can be no guarantees made regarding the ultimate outcome of therapy.

EXPECTATIONS: In order for clients to reach their therapeutic goals, it is essential they complete tasks assigned between sessions. Therapy is not a quick fix. It takes time and effort, and therefore, may move slower than your expectations. During the therapy process, we identify goals, review progress, and modify the treatment plan as needed.

RISKS: In working to achieve therapeutic benefits, clients must take action to achieve desired results. Although change is inevitable, it can be uncomfortable at times. Resolving unpleasant events and making changes in relationship patterns may arouse unexpected emotional reactions. Seeking to resolve problems can similarly lead to discomfort as well as relational changes that may not be originally intended. We will work collaboratively toward a desirable outcome; however, it is possible that the goals of therapy may not be reached.

STRUCTURE OF THERAPY:

- **Intake Phase** – During the first session, therapeutic process, structure, policies and procedures will be discussed. We will also explore your experiences surrounding the presenting problem(s).
- **Assessment Phase** – The initial evaluation may last 2-4 sessions. During this assessment phase, your therapist will be getting to know you. The therapist will ask questions to gain an understanding of your worldview, strengths, concerns, needs, relationship dynamics, etc. During this relationship building process, your therapist will be gathering a lot of information to aid in the therapeutic approach best suited for your needs and goals. If it is determined by your therapist that he/she is not the best fit for your therapeutic needs, he/she will provide referrals for more appropriate treatment.
- **Goal Development/Treatment Planning** – After gathering background information, we will collaboratively identify your therapeutic goals. If therapy is court ordered, goals will encompass your goals and court ordered treatment goals, based on documentation from the court (please provide any court documents). Once each goal is reached, we will sign off on each goal and you will receive a copy.
- **Intervention Phase** – This phase occurs anywhere from session two until graduation/discharge/termination. Each client must actively participate in therapy sessions, utilize solutions discussed, and complete assignments between sessions. Progress will be reviewed and goals adjusted as needed.
- **Graduation/Discharge/Termination** – As you progress and get closer to completing goals, we will collaboratively discuss a transition plan for graduation/discharge/termination.

LENGTH OF THERAPY: Therapy sessions are typically weekly or biweekly for approximately 45-55 minutes depending upon the nature of the presenting challenges and insurance authorizations. It is difficult to initially predict how many sessions will be needed. We will collaboratively discuss from session to session what the next steps are and how often therapy sessions will occur.

APPOINTMENTS AND CANCELLATIONS: You are responsible for attending each appointment and agree to adhere to the following policy: *If you cannot keep the scheduled appointment, you MUST notify our office to cancel or reschedule the appointment within 24 HOURS of the scheduled appointment time. You will be charged a \$100 cancellation fee for any missed appointments or late cancellations. A credit card is required to be on file. If you cancel or rescheduled more than once, we may re-evaluate your needs, desires, and motivations for treatment at this time.*

Psychotherapy is a uniquely personal service; therefore, consultations may be briefly interrupted. Your therapist may periodically take time off for vacation, seminars, and/or become ill. Attempts will be made to give adequate notice of these events. If your therapist is unable to contact you directly, a colleague may contact you to cancel or reschedule an appointment.

FEES: The fee for each 45-55-minute therapy session is self-pay rate or your insurance copay. Payment is due at the time of service. Acceptable forms of payment are: exact-amount cash, check (insufficient-funds checks will be returned upon full payment of the original amount plus \$40 for any returned check), or credit/debit card. In the event that a scheduled appointment time is missed or cancelled less than 24 hours, please refer to the "Appointments and Cancellations" policy above.

The clinician reserves the right to terminate the counseling relationship if 2 or more sessions are missed without proper notification.

The clinician charges his/her hourly rate in quarter hours for phone calls over 10 minutes in length, email correspondence, reading assessments or evaluations, writing assessments or letters, and collaborating with necessary professionals (with your permission) for continuity of care. All costs for services outside of session will be billed. This will be billed to the credit card on file.

TRIAL, COURT ORDERED APPEARANCES, LITIGATION: Rarely, but on occasion, a court will order a therapist to testify, be deposed, or appear in court for a matter relating to your treatment or case. In order to protect your confidentiality, we strongly suggest not being involved in the court. If your clinician gets called into court by you or your attorney, you will be charged a fee of \$1000 to include travel time, court time, preparing documents, etc.

COPIES OF MEDICAL RECORDS: Should you request a copy of your medical records; the cost is \$1 per page. Payment for your medical records will be due prior or upon receipt and can be picked up at the office. Please allow at least 2 weeks to prepare medical records.

PHONE CONTACTS AND EMERGENCIES: Office hours are from vary from day to day. If you need to contact the clinician for any reason please call 813-279-1800, leave a voicemail, and a return call will be made within 24 Hours or as soon as possible). A summary of visits may be given in lieu of actual "psychotherapy/process notes", except if the third party is part of medical. - **Fee Disputes**: In the case of a credit card dispute, Pathways of Florida, LLC reserves the right to provide the necessary documentation (i.e. your signature on the "Therapy Consent & Agreement") that covers the cancellation policy to your bank or credit card company should a dispute of a charge occur. - **Couples Counseling & "No Secret" Policy**: When working with couples, all laws of confidentiality exist. We request that neither partner attempt to triangulate the clinician into keeping a "secret" that is detrimental to couple's therapy goal. If one partner requests that the clinician keep a "secret" in confidence, your clinician may choose to end the therapeutic relationship and give referrals for other therapists as our work and your goals then become counter-productive.
- **Dual Relationships & Public**: Our relationship is strictly professional. In order to preserve this relationship, it is imperative that there is no relationship outside of the counseling relationship (ie: social, business, or friendship). If we run into each other in a public setting, I will not acknowledge you as this would jeopardize confidentiality. If you were to acknowledge me, your confidentiality could be at risk.

 - **Clients often use text or email as a convenient way to communicate in their personal lives. However, texting introduces unique challenges into the therapist-client relationship.** Texting is not a substitute for sessions. **Texting is not confidential.** Phones can be lost or stolen. DO NOT communicate sensitive information over text. The identity of the person texting is unknown as someone else may have possession of the client's phone.
 - **Do not use e-mail for emergencies.** In the case of an emergency call 911, your local emergency hotline or go to the nearest emergency room. PART III: HEALTH INSURANCE

YOUR INSURANCE COMPANY – By using insurance, your clinician is required to give a mental health disorder diagnosis that goes in your medical record. The clinical diagnosis is based on your current symptoms even though you may have been previously diagnosed. We will discuss your diagnosis during session. Your insurance company will know the times and dates of services provided. They may request further information to authorize additional services regarding treatment.

IMPORTANT: Some psychiatric diagnoses are not eligible for reimbursement (i.e.: marriage/couples therapy). In the event of non-coverage or denial of payment, you will be responsible to pay for services provided. Pathways of Florida, LLC and its representatives reserves the right to seek payment of unpaid balances by collection agency or legal recourse after reasonable notice to the client.

PRE-AUTHORIZATION & REDUCED CONFIDENTIALITY– When visits are authorized, usually only a few sessions are granted at a time. When these sessions are complete, we may need to justify the need for continued service, potentially causing a delay in treatment. If insurance is requesting information for continued services, confidentiality cannot be guaranteed. Sometimes, additional sessions are not authorized, leading to an end of the therapeutic relationship even if therapeutic goals are not met.
